Dear Ms. O'Donnell:

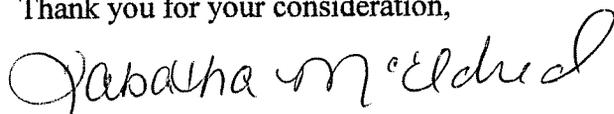

I hereby request as a customer of Mallard Point Disposal System, Inc. to be permitted to intervene, to the fullest extent permitted by law, in reference to case #2005-00235.

I have been a resident of Harbor Village for the past 12 years, and have been very dissatisfied with our sewer system. I have personally have had three major breakdowns, with one resulting in an entire new system. Many of my neighbors have also had to completely replace their systems within the past 10 years at a cost estimating from \$1500 to \$2500.

Mallard Point Disposal System, Inc. has no preventative maintenance for this system. They also do not provide any service when a breakdown occurs. They don't even return your phone calls when trying to get answers regarding the system. In addition, the smell from the system is horrible, not only around homes, but close to Northern Elementary School.

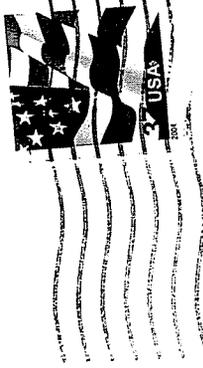

When comparing sewer rates within Scott County, we already have the highest rate at \$35.29 per month; therefore, I am requesting to intervene with the rate increase and request that no increase is awarded to Mallard Point Disposal System, Inc.

Thank you for your consideration,

Tabatha McEldred
